

Jacinto City Little League Sponsorship Letter

Jacinto City Little League is an organization of pure volunteers in service to the children of our community. We focus in providing a fun environment and develop the ideas of good sportsmanship, teamwork and fair completion. We are committed to having a positive influence in the lives of our players by promoting confidence, good work ethic, camaraderie and a lasting respect for the game. Our mission is to create a positive culture in which coaches, parents, officials, fans and every athlete work together to achieve unity and have fun.

Our league is 100% operated by community volunteers; we depend greatly on our community's Sponsorship participation. Our league does its best to provide affordable registration cost to everyone. Our community's contributions have allowed us to provide low cost or no cost baseball for those in financial hardship. Without donations, fundraisers or league sponsorship from our community our players will suffer. Know that any kind of contribution is greatly appreciated and never refused.

Every year our board has the difficult task of prioritizing our budget and expenses. The general necessities like player equipment, uniforms, Little League Charter and Insurance, field equipment. All these items can be costly and continue to rise every year. We register 200 to 240 kids every season and on average 30% are on financial hardship. At Jacinto City Little League no child is turned away, we feel that every child that wants to play will feel accepted and play in our league. Unfortunately, this comes at a sacrifice in other areas like our player equipment, dugouts, score booths and more important our fields. We are in the process of restoring our non-profit status with the help of a CPA, and have implemented new procedures so the league will remain non-profit.

We hope to provide our players with the equipment, uniforms and facilities that make our league proud. Fundraisers help offset some expense but we still depend on local businesses to sponsor and become an important part of our league. We would like to offer you several sponsorship options that can help your business gain exposure through our online social media, website and on site banners.

We would like to thank you in advance for taking the time and interest in supporting our league and helping our kids stay on the fields playing one best sports to teach our youth how to grow and become better people.

Sincerely,

Jacinto City Little League Baseball
