Twin Town Little League shall provide affordable, community-based baseball for children of all ability levels from ages 4-16. The objective of the Twin Town Little League shall be to implant firmly in the children of the community the ideals of good sportsmanship, honesty, loyalty, courage, and respect for authority, so that they may be well adjusted, stronger, and happier children and will grow to be good, decent, healthy, and trustworthy citizens. To achieve this objective, the Twin Town Little League will provide a supervised program under the Rules and Regulations of Little League International. All Directors, Officers, Managers, Coaches, and Players shall bear in mind that the attainment of exceptional athletic skill or the winning of games is secondary, and the molding of future citizens is of prime importance.

Additionally, Twin Town Little League shall provide affordable and organized recreational level baseball for young adults of all ability levels from ages 17-25 through its regional baseball program. Building on the objectives of the younger levels, the Twin Town Regional Baseball League shall also provide leadership opportunities for young adults by allowing teams to have player-managers and player coaches that are responsible for all aspects of both on and off-field team management.

ARTICLE IV - LOCAL LEAGUE STRUCTURE AND RULES

SECTION 1 – Division Structure

A player's League Age determines their division eligibility as set forth in the Little League Baseball Rule Book. The standard placement of players by Twin Town Little League into its divisions are as follows:

Tee Ball League age 4 and 5-years old

Rookie League age 5 and 6-years old

Farm League age 7 and 8-years old

Minors League age 9 and 10-years old

Majors League age 11 and 12-years old

Intermediate League age 11, 12 and 13-years old

Senior League age 13, 14, 15 and 16-years old

Twin Town Regional Baseball League age 17 - 25 years old

SECTION 2 – Playing Down Policy

Parents may request to have their child play down one division below their age group based on the player's ability level and/or special circumstances. Requests must be approved by the Player Agent and league President.

SECTION 3 – Playing Up Policy

- At the parent's request, a child may be considered a candidate to play at the next level provided they are no more than 1 year from the age cutoff for that level using the applicable age determination chart published by Little League International. Rare exceptions can be made to this policy if a safety concern exists with the child playing at their Little League International age-appropriate level. This determination will be made by the Evaluation Committee mentioned below.
- Requests must be made to the player agent and president no less than 10 days prior to the player selection date.
- Candidates will be evaluated by a 3-person committee to determine whether the player possesses skill levels that are consistent with an average player at the desired level. The evaluation shall take place at least 7 days prior to the player selection date. The decision to allow the player to play at the next level shall be by majority vote of the 3-person committee. Families will be informed of the decision at least 4 days prior to the player selection date. The decision of the committee shall be binding for the upcoming season only (Spring or Fall).
- Per Little League International rules, 10-year-old players are not permitted to play-up to the intermediate level and 12-year-old players are not permitted to play-up to the junior or senior levels. Additionally, players that are eligible to participate in the senior level (13-16) are not eligible to play in the regional baseball league. 16-year-old players will become eligible to play in the regional baseball league upon the conclusion of the senior playoffs. Further, 16-year-old players are eligible to participate in the regional baseball league player pool during the senior season, provided there is no conflict with scheduled senior level games.
- 5-year-old players may play-up to the Rookie level without evaluation as long as they have completed 1 year of T-ball.

Evaluation Committee

- Shall include the Level Director, Player Agent, and a current or former manager at the desired playing level (to be appointed by the Executive Committee).

All Star Eligibility

- Players league-age 6 to 12 to be selected to tournament teams must have amateur status and have participated as an eligible player in eight (8) regular-season games by the beginning of the International Tournament, with the exception of the school baseball or softball season. Players qualifying under the school exception must participate in 60% of the games available to them.
- Players may be selected to an age appropriate team without respect to division of play during the regular season. However, players have the option to remain up for All Star consideration.
- Players allowed to participate up from their age appropriate level must be nominated for all star selection by their regular season manager and participate in the all-star tryout for their age appropriate level for tournament play.
- Assumptions will not be made that a player playing up is going to be automatically rostered to a team as an all-star at their age appropriate level.

SECTION 4 – Player Selection

The team selection process will be overseen by the Player Agent. Prior to team selection, the Player Agent shall provide managers at all levels with eligible player lists. The lists shall include league age, school attending, and special requests from parents. Team selections by each level will be facilitated by board members appointed by the Player Agent and/or league President. When possible, the Level Director should be present.

Tee Ball & Rookie Divisions

- Team managers shall select players in a collaborative selection process. Efforts should be made to accommodate family requests and to place players with classmates, family members and friends if requested.

Farm Division

- The managers shall draw numbers before the draft begins to determine the order of the player election process.
- Player selection will be by standard snake draft as outlined by Little League International rules.
- Children of the team manager will be selected in the 3rd and 4th round as outlined by the Little League International rules.
- Unless parents request separate teams for siblings, they will be kept together and drafted to the same team.

- Once the player draft is completed, managers will have 48 hours to complete any trades. Trades must be approved by majority vote of the Player Agent, Level Director, and league President.
- Late registrants will be placed on teams based on the order of the player draft.

Minors

- The Board of Directors will decide how many Minors teams our league will operate for the season based on registration numbers.
- Prior to the draft, managers will be sent the list of registered Minors players to anonymously rate them on a 1-4 scale. Guidance and explanation of each level on the scale will be provided to the managers by the Player Agent.
- The Player Agent will compile the ratings to create an average rating for each player.
- This list will be used to place each player on a team in a snake style order until all players have been placed on a roster. These rosters are subject to review by the Player Agent, Level Director, and level Managers.
- After all players have been assigned, if a team contains a manager's child/children and no other manager's children are present on that roster, that manager will be assigned to that team.
- For the remaining teams, each manager selects a number out of a nontransparent container. The number selected is the team number the manager is assigned to. They must trade the player on their selected roster that is on the same line as their child on the roster they were placed on. These player swaps are subject to approval by the Player Agent, Level Director, and level Managers.
- After all managers have been assigned, the level Managers, Player Agent, and Level Director will have an opportunity to view the rosters and call for a rebalance if needed.
- If siblings are requested to be together and are not on the same roster, the lower rated sibling will be swapped to the higher rated siblings team with the player on the same line as the lower rated sibling.
- A player registering after the draft has been completed will be placed on the last team in the snake draft order by the Player Agent.

Majors & Intermediate Divisions

- The Board of Directors will decide how many Majors/Intermediate teams our league will operate for the season based on registration numbers.
- Prior to the draft, managers will be sent the list of registered Majors/Intermediate players to anonymously rate them on a 1-4 scale. Guidance and explanation of each level on the scale will be provided to the managers by the Player Agent.

- The Player Agent will compile the ratings to create an average rating for each player.
- This list will be used to place each player on a team in a snake style order until all players have been placed on a roster. These rosters are subject to review by the Player Agent, Level Director, and level Managers.
- After all players have been assigned, if a team contains a manager's child/children and no other manager's children are present on that roster, that manager will be assigned to that team.
- For the remaining teams, each manager selects a number out of a nontransparent container. The number selected is the team number the manager is assigned to. They must trade the player on their selected roster that is on the same line as their child on the roster they were placed on. These player swaps are subject to approval by the Player Agent, Level Director, and level Managers.
- After all managers have been assigned, the level Managers, Player Agent, and Level Director will have an opportunity to view the rosters and call for a rebalance if needed.
- If siblings are requested to be together and are not on the same roster, the lower rated sibling will be swapped to the higher rated siblings team with the player on the same line as the lower rated sibling.
- A player registering after the draft has been completed will be placed on the last team in the snake draft order by the Player Agent.

Senior Division

- By majority vote of the Senior division managers and Level Director, to be held prior to player selection, the group can decide whether to use a collaborative selection process or standard snake draft.

Regional Baseball League Division

- Eligible players will be placed on teams in a collaborative team selection process with team managers facilitated by the Player Agent and the Regional Baseball level director. The desired outcome is to make teams as equitable as possible based on skill level with provisions to allow friends to play together if requested. The Player Agent and Level Director may seek input from other board members if necessary to help determine level of play.

Section 5 - TTLL Local Rules - General and Division-Specific

General and division-specific rules can be found in the Appendix. Little League International Rules will take precedence over all Twin Town Little League local rules. General League rules will take precedence over the specific level rules. NCAA rules shall be the default for the Regional Baseball League.

ARTICLE V - ALL-STAR SELECTION PROCESS

Section 1 – Manager Selection

Potential managers shall be identified at the regularly scheduled May Board of Directors meeting. The Level Directors will poll their managers for interest in managing an All-Star team during the month of April. Level Directors will submit a list of interested managers/coaches to the President by the beginning of May. A list of Interested candidates will then be vetted and approved at the May meeting by majority vote of the eligible board members present. Manager Selection will happen after the player selection. Managerial candidates who volunteer to manage during the regular season will be given preferential consideration. In the 8-11 year old All Star divisions, the eligible managers are the regular season managers and coaches from Farm, Minors, and Majors. The 12 year old division eligible managers have to come from the Majors or Intermediate divisions.

Section 2 – Player Lists & Nominee Clinic

All-Star candidate lists shall be submitted by managers to the Level Director by Memorial Day.

A nominee clinic will be held during 1st weekend in June. All-Star nominees in the respective levels will work out for the Level Director, potential All-Star manager candidates and division managers the first Saturday in June to be held after the last game of the day at both Williams and Poestenkill complexes. Nominees will need to have acceptance letters submitted before this clinic, or they will not be considered. A copy of the acceptance letter can be found in the Appendix. The clinic will last 90 minutes and consist of hitting, fielding, and throwing drills. Clinics will be conducted by the level director or their designees. Please note that this clinic is voluntary for the players, attendance is not mandatory. This clinic is mandatory for all managers. If a manager cannot attend, he/she will send a coach to represent the team.

Section 3 – Player Selection

Voting will take place per Little League/Twin Town procedures. In addition to the clinics, managers will submit rating sheets to level director for distribution. Selection guidelines will be a combination of the clinic and rating sheets as well as discussion during the meeting.

All-Star selection voting will be done by the Level Director and each division manager. If the level manager cannot be there, they will send an assistant coach in their place. This designee has to be approved by the Executive Board. Each shall have 1 vote. If the Level director is a division manager, they get 2 votes. If a regular season manager has been approved as an all-star Manager, they will also get 2 votes. Voting results will be kept private and only the E-Board, Player Agent, and Level Director will have access to the results.

Section 4 – Selecting the “A” Team Manager

“A” team will be defined as the top team at each level which will participate in the Little League International Tournament. It shall be determined by the board of directors prior to voting which “A” teams will be entered in the tournament. They may include Senior (13-16), Junior (13-14), Intermediate (11-13), Little League (12U), 9-11 (Formerly 10/11A) and 8-10 (Formerly 9/10A Minors). The board of directors shall also determine prior to voting how many “B” teams will be formed, based on interest level and available tournaments.

The A team manager at each level will be selected from the pre-approved candidate pool by a

confidential vote by the E-board, Player Agent and Level Director immediately following the player selection vote outlined in section 3. The President, Player agent, and Level Directors vote will count for 2 votes and the rest of the E-board vote will count as 1 vote each. The manager will come from the list of candidates approved in May out lined in section 1. In addition, the player associated with the “A” team manager must be one of the top 24 vote getters unless the manager does not have a player participating in the tournament.

Section 5 – Selecting the “A” Team Players

The players on the “A” team will be selected by the manager. Players may only be chosen from the top 24 vote getters outlined in section 3. Eligible players age does not need to be considered and is at the discretion of the manager. The board recommends that the manager select from the list of 24 a combination of:

- the best players in the league (as a reward for a great season)
- the players that the manager feels gives the “A” team at the level the best chance to win.

Once the “A” team has been formed, the remaining players receiving votes will be placed on the “B” team(s) in a collaborative manor by the “B” team managers and level director. If there are more players than roster positions, the top vote getters will be awarded roster spots and then collaborative placement may begin. For example, if there is only one “B” team for the 11-12 group and there are 18 eligible players, the top 12 vote getters must receive a roster spot on that team. More can be placed if the manager and level director determine a larger roster is acceptable. A team must have no less than 11 players and no more than 14 at the “B” level.

All-Star Nomination Letter

May 2026

Dear Parent,

Congratulations on your player's nomination for selection to one of Twin Town Little League's All-Star teams! You should be proud of your player's effort and ability this season both individually and as a vital part of the team.

However, NOMINATION DOES NOT MEAN SELECTION. Your player must still participate in the selection process by level and All-Star managers. To assist managers in their decision, we are inviting your player to attend an All-Star clinic to be held on Saturday, June xxx at the Poestenkill Complex with the following schedule:

Majors – P1 – 9:30-11:00 am

Minors – P2 – 9:30-11:00 am

Farm – P1 – 5:00-6:30 pm

This is a voluntary (but strongly encouraged) clinic where your player can participate in hitting, throwing, and fielding drills for these managers to help them make informed evaluations and selections.

Fill out the attached acceptance form and bring the form with you to your designated clinic time and hand in to the level director. No nominee will be considered for selection without submitting this form. Returning this form means that you accept all rules and conditions that apply to All-Star play as stated on the acceptance form.

Please contact me by phone at 518-XXX-XXXX or email at twintownlittleleague@gmail.com if you have any questions.

Once again, we offer congratulations on your player's nomination! We hope to see you at the clinic!

Sincerely,

President – Twin Town Little League
