Small Stars coach. Paul nominates Kyle Fecteau as Small Star coach.

Encouraging kids for small stars. At this time, we have 7 kids who want to play. May consider doing at 11U team.

Kyle is thinking of practices 4-5 days a week. Kathryn sent the email, she apologizes for the verbiage but wanted to be upfront about expectations.

Ideas on how to prepare for tournament play- Josh brought up idea of reaching out to the travel team organizations to see if we can pay for them to help coach the kids, and develop the coaches more.

Christine brought up questions on how would to nominate players if we are now considering an 11U team. Josh also brought up another idea of having a big group practice and having major coaches evaluating them. at the end of practice, coaches will share their findings with head coaches in the minors and they can choose from there. Similar to evaluations at the beginning of the year.

First priority:

Trying to put together a 10U team
