

# HYR Storage Container at Atherton High School

The HYR storage container at Atherton is located on the back side of the school. It has first aid kits, extra soccer balls, pumps, pinnies, coach manuals etc. stored in it. Patrick will not be at the field most practice nights, but HYR has put a combination lock on the pod. The combination is 1976 (The year HYR began). If you need any supplies while at the field, please go ahead and retrieve them and then lock the pod back before you leave. Most shelves are labeled. (We may change the combination during the off-seasons.)
