

HYR St. Paul Futsal/Basketball Closet

The closet is used by multiple groups. I want to make sure all HYR coaches have access to the equipment, but I also want to keep the league specific balls and equipment from disappearing. At the end of practices, coaches please return the equipment to the room in the specific places.

There are 3 locks in the room with a customizable combination locks. **All of the combinations are set to HYR01.** We lock up futsal balls and youth basketballs in the rolling cage, and put regular size basketballs on the wall rack for other groups to use. We lock up the stepladder to the wall rack and store miscellaneous equipment in the file cabinet.

The futsal goals are stored next to the filing cabinet, and the crank that adjusts the basketball goals is stored on the shelf on the right as you walk in the door

HYR St. Paul Futsal/Basketball Closet

The filing cabinet has first aid kits, poly spots, referee equipment, and extra supplies like coach shirts, pinnies, and wrist bands. Please return equipment after practices.

HYR Winter 2019 Futsal and Basketball Schedule

The 2 large black rolling tubs have padlocks only accessible by the league director, and they contain the large nets. They are only opened on Saturdays.
