2nd Quarter, 2019

La Familia

Patterson Futbol Club will always put the player first, on the premise that we're all family, 'La Familia'

Our club vision is to play possession (indirect) based attacking and creative soccer. In this style, many players touch the ball and need to make decisions with it.

Current Status

We've just finished up a good season of Turlock Indoor Soccer. Thank you to everyone for your support. Although the record may not be what was hoped for but each one of the girls have improved in their talent. In the end that will always be our goal. It showed towards the end of the season as the score differential got tighter, or we were able to eke out the win or tie.

New Members

We've had a large number of new girls join the team, which is a good thing. In the tradition of the **Club's** motto "*La Familia*", we'll never turn any girl away that wants to learn. With that being said, we can only roster 18 girls for most leagues and tournaments, so when comes time to roster, we'll roster the best 18 girls but fill in for other girls that can't make certain tournaments.

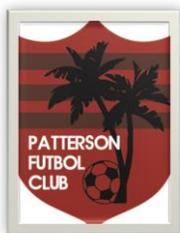

Summer Activities

Unfortunately, there weren't enough teams to join Turlock Academics's Recreation+ League, so to keep the girls active, the plan is to play an additional season of Turlock Indoor.

While it's not ideal due to the upcoming summer heat, this is a good activity to continue to enhance and challenge the girl's technical skills and measure against other teams in the area. WE will remind each player to drink plenty of water and monitor them on the field. The current plan is to register 2 teams again in order to allow for good playing time.

"Always ask yourself, 'Am I in the right place and where is the play going to go?'" -Virgil Van Dijk, Liverpool defender and 2019 PFA Player of the Year

Tournaments

In addition, we'll be looking to participate in 2-3 area tournaments over summer. In club tradition, the Santa Cruz Beach Pro-Am will be on the list. As a reminder, the games may start at 8 am each day so many parents chose to stay up in the area on Saturdays. Some stay from Friday to Sunday night. If staying start reserving hotel rooms to save some money. We typically stay in Santa Clara which is about 20 minutes away. All teams pitch in by bringing food and drinks for all players and parents, so it gets shared amongst those teams participating.

The other tournaments will be picked based upon location, timing and quality/level of competition.
