

Dear community partner,

Rutland County Little League was established in 2017, and has had remarkable success in creating interest, growing participation and building a strong program. A Little League program instills in players a strong foundation of positive values, strong moral beliefs and sound ethical standing. Rutland County Little League prides itself by establishing a positive culture that focuses on the community as a whole as well as the individual player. In 2022, RCLL opened an indoor facility to allow us to facilitate training throughout the year. The facility has grown to offer many levels of play from t-ball through college age athletes averaging around 3500 visitors a year. To continue offering an affordable space to athletes we need a large group of volunteers and strong community financial support.

For the first time ever, we're opening the doors for businesses and community partners to **sponsor the RCLL Indoor Facility**. This is a unique chance to support local athletes while putting your brand in front of thousands of families who use our facility year-round.

**Sponsorship options include:**

1. Supporting donor status with permanent recognition - \$1000  
*Your contribution becomes part of the facility's legacy with a lasting display of appreciation.*
2. Annual facility sponsorship - \$400  
*Promote your business throughout the year with high-visibility branding inside the facility.*
3. Direct financial contribution  
*A simple and impactful way to support our programs and community.*

By partnering with us, your business can **tap into the steady traffic of players, families, and visitors** who walk through our doors every week—an ideal opportunity to showcase your brand while strengthening youth sports in our community.

Your tax-deductible gift makes a real difference in keeping our programs strong. To confirm your sponsorship for the coming season, simply fill out and return the attached form with your donation. Thank you for investing in our athletes and community.

If you have any questions, contact Alden Franzoni at 802-558-4226/aldenfranzoni@gmail.com.

We appreciate your generosity and support.
