TIE-BREAKER RULES SUMMARY

- 1 If two teams are tied with the best won-lost record, the winner of the pool game between the two tied teams will be the tie-breaker and that team will advance to the next segment. If the teams did not play each other, see rule 2 below.
- 2 If two teams are tied with the best won-lost record, and they did not play each other, then the **"Runs-Allowed Ratio"** will be computed to break the tie. The team with the lowest **"Runs-Allowed Ratio"**, which is the total number of runs given up in all pool play games played by that team, divided by six (7) innings, will advance to the next segment.
- 3 If three teams or more are tied with the same won-lost record, and one team has defeated the other tied teams, then that team will advance to the next segment. If one of the remaining tied teams is to advance, use Rule 1 above.
- 4 If three or more teams are tied with the same won-lost record, and one team has not defeated the other tied teams, then the **"Runs-Allowed Ratio"** will be computed to break the tie. The team with the lowest **"Runs-Allowed Ratio"**, which is the total number of runs given up in all pool play games played by that team, divided by six (7) innings, will advance to the next segment. More than one team advancing will determined by **"Runs Allowed Ratio"**, ranked smallest to largest.
