Good afternoon everyone.

It was a unanimous vote to retain the late fee and recind the Board's motion to waive the late fee.

The late fee will remain in place.

Good evening everyone! I'm sorta back with the living!!

I read in the minutes that it was approved to dispense with the \$25 late registration fee.

I would encourage you as a Board to recind your vote and leave the late fee in place.

There are several reasons for having implemented the fee one of which was to encourage folks to get their registrations done before we began forming teams and ordering uniforms. Also, we have several (10-15) folks who paid the late fee with online registration and had no problem paying that fee knowing they were late.

Keep in mind if you decide to leave your Board vote in place to waive the late fee, we will have to determine who paid a late fee and refund their money.

Please email me back by end-of-day Thursday and let me know if you vote:

YES – recind the Board vote, and continue to charge a late registration fee
NO – leave the vote in place and dispense with the late fee.

Thanks,

James Craft
