Additional Notes:

Step 3 in the set up process will show you available Program's you are able to register your player/participant for based on their Date of Birth. If you do not see programs listed it is because online registration is not open or their DOB is incorrect (eligible programs will show based on participants age)

Step 4 will allow you to complete the registration process once programs are available to register for.

Once you create your initial log on credentials you can come back at any time to complete the participant information sections and/or register for a program.
