

Clarksville Soccer Club Family,

As we prepare for the 2021-2022 soccer season, the club is now accepting financial aid applications for families in need of financial assistance. Last season, the Clarksville Soccer Club awarded 67 financial aid packages at a total value of over \$45,000. With COVID-19 restrictions easing and the number of players joining our club increasing, we expect to approve even more financial aid this year. We are confident that any player who desires to continue or start their careers with the Clarksville Soccer Club and whose family may not have the financial resources to play club soccer, can receive financial aid for the 2021-2022 season.

Please submit your financial aid applications as soon as possible. The application approval process can take up to two weeks and the club wants to ensure families can register their kids for their teams and order uniforms as quickly as possible. But in order to do that, the Financial Aid Committee needs the time to review all applications, make recommendations, and allow the Board of Directors the opportunity to vote on those recommendations.

This year's application is slightly different and we ask parents to read through the entire form prior to filling the application out and submitting. Please include the household(s) 2020 tax returns with the application submission. Failing to fill out the form completely and accurately can delay approval or can lead to a cancellation of financial aid, even after the aid is awarded. We understand that families may have encountered financial hardship due to COVID-19 and the effect the virus had on the economy. So we ask that any additional and supporting documentation reflecting the recent financial impact be provided along with the tax forms. As a reminder, financial aid is awarded based on financial need. These are not athletic scholarships. The goal of the Clarksville Soccer Club is to provide all players an opportunity to train, develop, and play competitive soccer. Our scholarship program is the cornerstone of that opportunity.

Please email all completed scholarship applications and supporting documents to cscscholarshipfund@gmail.com.

Thank you,
Brian DeSantis
President
Clarksville Soccer Club
