

Coaches,

Princeton's weekly newspaper, Town Topics, prints our results each week. This is a great opportunity for the kids, the league, and our Sponsors. Each division lead is responsible for collecting information from the head coaches on Sunday night.

Please include the following information for your game and team.

- Team name
- Final score
- Players that scored TDs
- 1 or 2 additional players (at most) that contributed in some other way (good to use this space to try and get every player's name in the paper at least once during the season)

The final copy is often edited for space; however, we will try and print full versions on our website each week.

Good to keep these also. At the end of the year, we collect a team summary from each coach for the banquet yearbook.

Thanks, and have a great season!
