

April
Francis

About me:

April has been married for 25 years to John Francis. They have 2 children. Their oldest graduated from Marian College and is a nurse. Their youngest currently attends Defiance College. April very much believes in giving back to the community. She and her family run a girls developmental and competitive basketball program year-round on the west side. In fact, it was AJAA (now Avon Youth Sports) that first sent April an email about IGHL which she has been a part of for 10 years. April and her family have played a large role in their church's children's program throughout the years. Kids are a huge part of our future and helping them become better citizens by having the opportunity to work with them is a very rewarding experience. April has experience as both a parent and fan of AJAA/AYS through her children who participated in AJAA/AYS sports. Her oldest began playing basketball and baseball. He also was a runner in the inaugural year of Junior Runners, going on to run with the college team at Marian College. Her youngest was in softball and basketball and is currently playing basketball in college at Defiance College. Professionally, April is a company owner and entrepreneur. She believes in hard work and discipline as the way to success in business and life. She celebrates a job well done and is willing to work through any and all challenges.
