All other areas of the field
1 Player

11V11 WALL NUMBERS

Free kicks 18-25 yards out

25-35 Yards out

Shaded area: 2-3 Players

All other areas of the field
1 Player

STEPS OF A FREE KICK

- Below is what happens as a foul is called during the run of play.
 1. A field player gets 5 yards from the ball to make sure the opposing team asks for 10 yards.
 2. Simultaneously, the goalkeeper is shouting:
 1. how many players are in the wall
 2. Where the defenders should hold the line
 3. And making sure everyone is marked up
 3. As the ref is stepping out the 10 yards the goalkeeper should move to the post and set the wall or your forward can set the wall.

****The GOALKEEPER should NOT set the wall until the ref starts stepping out 10 yards****
