The HARC Youth Baseball and Softball Leagues are seeking sponsorships for the 2026 season. When providing a sponsorship to our league, you are not only supporting the more than 400 boys and girls that participate in our league annually, you're also advertising your business to their families and friends in our local communities.

Our season lasts from early April through late October. Games are played throughout the week as well as hosted tournaments on weekends where families from outside areas visit our local community. Games are also streamed through South Union Township Sports Network as well as the YouTube page.

Please Consider supporting our league and our youth athletes that participate in it. We take pride in teaching our kids the importance of sportsmanship and hard work as they are the future of our community.
