

Minor League Rules and Regulations.

RULE 1 Player Eligibility

- 1.1 Team Rosters are unlimited
- 1.2 All player's age will be determined as of April 30th. Players play at their age level, based upon little league rules, unless there is documented disability. A child with a disability will be evaluated on a case by case basis to ensure his safety and the safety of the other players at their age level. Talent level or years in the league will not be considered as a reason to keep a player down from the appropriate age level. T-Ball (4,5 &6), Pee Wee 7-8, Minors 9-10, Majors 11-12.
- 1.3 If a player is moved up to the next level (example: moving a 10 yr old up to Majors) then this player cannot play down in any of the Minor games. However a Pee Wee league player can move up to substitute for a missing player on a Minor League team and a Minor Player can substitute for a missing player on a Major League Team.

Call ups are permitted if needed in order to get a team to one above the minimum number needed to field a team at that age level. For example, a Major team may call up minor player or players if the Major team does not have 10 players available for a game; a Minor team may call up a player or players if the Minor team does not have 11 players for a game. If a player is called up, he or she may not play before the regular rostered players, except the call-up must play the minimum number of innings and have the minimum number of at bats as required by league rule. A call-up may not play more than a rostered player. A call-up may continue in the game if a rostered player is injured or becomes otherwise unavailable during the game.

- 1.4 All players must play at least 6 consecutive outs and bat at least one time. Failure to abide by this rule will result in forfeit of the game. (Exception would be for a shortened game due to the 10 Run Rule and the team has 13 or more players).

Warnings will be given and the umpire, at his or her discretion can place the runner at the base that he or she deems the runner would have reached had the runner not been interfered with.
