

## **Section E: CYB All Stars & PASS**

### **Purpose**

Following the conclusion of the CYB Regular season and CYB Postseason tournament, CYB offers players who have been selected to their division's All-Star team an opportunity to compete and have fun against each other.

All Star teams are selected for the divisions in CYB League (B3, G2, B2, G1, and B1) and CYB3. There is no All-Star team for CYB Clinic.

### **All Star Coaches**

The Head Coaches from the top 2 teams from the regular season for each division shall be invited to coach one of the division's All-Star teams unless otherwise disqualified for violations of the player/coach conduct rules and/or the Code of Conduct.

If a coach chooses not to coach, then the Division Commissioner will ask the head coach of the next highest placing team until a coach is selected.

All Star Team coaches are responsible for the following:

- Attending the All-Star player selection meeting.
- Working with the Division Commissioner to divide the selected All Stars into balanced teams.
- Contacting All Star players to notify them of their selection to the CYB All Star team for their division and provide practice and game details.
- Running at least one All Star practice (may be combined with the other All-Star team from the division).
- Coaching the All-Star game with a focus on fun, encouragement, sportsmanship, and equal playing time.

### **Player Selection – Divisions With 6 or More Teams**

The following procedure will be used for selection of All Stars in the Boys Divisions:

1. Head Coaches submit All Star Nominees from their team. Each coach should submit to the commissioner each nominee's name, grade level, and uniform number. Each coach can submit up to four nominees. It is up to each head coach to determine the number of nominees up to four. Nominees should be submitted to the commissioner of the division.
2. Once all coaches have made their nominee submissions, the commissioner will prepare the All-Star Ballot including the player's name and grade level and uniform number.
3. A postseason/All Star selection meeting is held for each division where each coach will have an opportunity to discuss his/her nominees. The coach may choose to rank his/her nominees. This discussion should take 1-2 minutes per coach.

4. The Division Commissioner with input from coaches at or before the post-season meeting will determine the number of All Stars for that division for that year according the following min/max levels:
  - a. Min: 14
  - b. Max: 20
  - c. No alternates are to be selected. If additional players are needed, the Division Commissioner along with the All-Star coaches will come to a consensus on contacting players at that time.
5. Once all coaches have discussed his/her nominees, the Division Commissioner will provide directions on the voting.
6. Voting Directions (may be conducted on paper or electronically):
  - a. Each coach should vote for the top 20 players in the division regardless of the number of players to be on the team.
  - b. Each team does not need to be represented with an All Star; however, every effort should be made to have each team represented by an All-Star selection.
  - c. The marked ballot is left with the Division Commissioner at the end of the meeting.
7. The Division Commissioner and his/her designee(s) will count the votes.
8. The players receiving the top vote totals (up to the number of All Stars determined in Step 4) will be the All Stars for the division.
9. In the event of a tie, the Division Commissioner and the two Head Coaches will decide on which (tied) player(s) will be part of the All-Star group.
10. All Star squads will be divided or selected by the two head coaches under the direction of the Division Commissioner or designee(s).
  - a. It is preferred to keep players from the same regular-season team on the same All-Star team.
  - b. If this is not possible due to the numbers, players from the same regular-season team may be assigned to separate All Star teams.
11. The All-Star team coached by the head coach of the #1 seeded team will be considered the Home Team and wear **WHITE** jerseys.

## **Player Selection – Divisions With 5 or Fewer Teams**

Divisions with only 4 or 5 teams will use the following process for selecting All Star teams.

Each Head Coach will select the Top 4 players from his/her team to be assigned to an All-Star team. There is no voting or selection process in this situation.

The number of All Stars is as follows:

- 4-Team Division: 16 Players/8 players per team
- 5-Team Division: 20 Players/10 players per team.

## **All Star Games**

All Star games are the Sunday following the CYB Postseason tournament championship games. The schedule of events for All Star Sunday shall be determined by the Division Commissioner and the CYB Board.

Standard CYB League rules apply as outlined in the Rules of Play section.

## **All Star Contests**

In addition to the All-Star games, each division runs a special shooting contest prior to the start of the All-Star game. The shooting contest is intended for fun and friendly competition. The following shooting contests are recommended, but an alternative can be selected with consensus of the two All Star team coaches and the Division Commissioner:

- *For B3, G2, and G1:* Free throw contest from the regulation free throw line (Diagram 2).
- *For B2 and B1:* 3-pt shooting contest from the high school 3-pt line (Diagram 1).
- *For CYB3:* Either a 3-pt shooting contest from the high school 3-pt line (Diagram 1) or a 4-pt shooting contest from the CYB3 4-pt spots (Diagram 4) or a combination of 3 and 4-pt shots to determine a champion.

## **Postseason All Star Select Team or AKA, PASS Team**

The CYB PASS Team or the Postseason All Star Select Team, is an honor given to All Star players who are considered the best of the best for a specific season as determined by the PASS Team coach. These players are different from other All Star players, who are chosen for a single exhibition game. Talented All Star players are “selected” to play in and represent CYB in tournaments after the regular season is over. Selected players are given the “Black Envelope”, that either announces a player’s selection, or invites a player to a PASS tryout.

Coaches for the PASS team are individuals with extensive coaching experience.

PASS Teams are formed from the following Divisions: B1, B2, and G1 divisions
