

ALAMEDA LITTLE LEAGUE FIELD PROCEDURES

MAJOR & MINOR FIELDS - NO CARTS ON FIELDS

Home team always prepares field. **USE NON-MAGNETIC BREAKAWAY BASES.**

- a. Use 1" coupler to water field first to prevent flying dirt and dust. Do not force coupler!
- b. Drag field with 6' broom sharp triangle backside. Rake as needed.
- c. Re-drag field with broom side.
- d. Line field assuring that line goes to edge of base starting from the back point of home plate. Bases should be in place.
- e. Line batter's box assuring that box is 3 feet forward from center of plate, and 3 feet back from center of plate, 4" off plate (6' X 3') Do not assume that the base line should meet the box in the corner because they are not intended to.
- f. If you make a runner's lane, make sure that it is 2 1/2' from base line, starting 30' from plate and going to the base.
- g. Coach boxes are 8' X 4', 6' from base. The 8' line goes toward home plate.

Visiting team shall put all equipment away in the equipment shed.

- a. Weekdays & last game on weekends: field must be dragged after game. Always smooth & water batter's box and pitching plate area
- b. Hoses must be hung in the appropriate place, not left in the carts or anywhere else.
- c. Rakes must be stored on the side of container.
- d. Chalk must be placed on side and not in cart. Do not leave open bags of chalk on floor without closing bag tightly.
- e. Bases may be left in carts.
- f. Visiting team responsible for all equipment being returned to shed.
