

VYSA Gaming to Host Esports Camp in partnership with Game Gym

Fredericksburg, VA. June 17th, 2020

VYSA Gaming will host an online esports summer camp powered by Game Gym from July 20th-24th to offer coaching and skill sessions for members and non-members. With all aspects of the summer camp held online, gamers will have access to:

- Esport coaching in both FIFA and Rocket League
- Educational sessions on a variety of subjects from nutrition to mental health to careers in gaming
- Guest speakers from the worlds of soccer and gaming
- Advice on balancing an active and healthy lifestyle with a love of gaming

“VYSA Gaming is excited to be able to offer this unique esport gaming camp experience to youth during this difficult time when outdoor summer camps are at risk. We are looking forward to working with Game Gym to provide this one of a kind, week-long esport camp that will engage, entertain and provide instruction”, commented Phil Summers, VYSA Executive Director.

“Game Gym is excited to have the opportunity to create a one-of-a-kind camp experience for the VYSA community. We know online camp is a little different, but are going to make it awesome! Can’t wait to learn, play, and have a blast with you all!” commented Josh Hafkin, CEO of Game Gym.

For information on how to register for camp, pricing and additional event details, visit vysagaming.com/camp to learn more.

About VYSA Gaming: VYSA Gaming ® is part of the Virginia Youth Soccer Association serving over 160,000 players, coaches and administrators in Virginia and the District of Columbia. VYSA Gaming ® provides unique family friendly esport gaming opportunities including tournaments, leagues and camps for youth and adults interested in the esport gaming experience.

About Game Gym: Game Gym is an esports team and training center that offers a healthy and holistic approach to video games, with live and online structured sessions and professional, certified coaches designed to help children and teenagers game better and smarter.
