Open floor : Kris Phagen says that he could not coach this year, and was told last minute, without being told that he was restricted from Coaching, and wasn't aware that he was under probation, and is not happy that no one communicated with him the suspension or his restrictions as a coach. Felt he wasn't given a chance to speak on his behalf. Also states minutes are hard to find on the website. Says openness and communication with parents is lacking. JoAnna explains that closed meeting matters are handled like personnel matters, so that will not be a public matter. She also says, punishment should be made in writing.

Greg Gohrman states he has coached with Phagen and has no issues with him. Said he was relying on the help of Phagen. Says it's unfair the way his team is set, playing against other teams, but Kyle informs him that is out of our hands. Wants to forfeit the remainder of the season, Kyle states about having a discussion with York County, Says to attend those meetings, to address concerns. Will advertise when York County meetings are. Kyle makes a motion to allow Phagen to coach with Greg's team as they continue the season doing scrimmages and interlock, all in favor of allowing Kris Phagen coach.

Meeting adjourned at 7:45 pm
