Volunteers – B.A.L.L.'s Greatest Strength!

Volunteers are the backbone of Little League, and their contributions are essential to the success of the organization. They help with various tasks such as concession stand duties, field maintenance, fundraising, event planning, communications, managing and coaching.

Volunteering is a great way to improve the Little League experience for both parents and children. It provides an opportunity to learn how the league operates and to develop a positive Little League experience for you and your Little Leaguer.

If you are interested in volunteering, please fill out the application on the registration website.

Umpires – We Need You!

The District requires trained home plate umpires at all home games for interleague games and a field umpire when the team is the visitor. Major level teams and above will be required to provide at least two volunteers per team for umpire training. If you are interested in volunteering, please fill out the application on the registration website.

We promise to offer training, support and hot dogs/pop at each game! Please contact Chad Stanford for umpire scheduling, training and questions to Chad Stanford, 370-9878, chad.stanford2@yahoo.com. The B.A.L.L. Board and the kids thank you!!!!

Note: Regular Umpires will receive a full umpire uniform and equipment from Universal Athletic after serving a minimum of ten BALL games. District Umpire Training and Parent Volunteer Umpire Field Mechanics training dates to be announced on the Boulder Arrowhead Baseball website or via email.

Concession Stand Help Needed!

We require parent volunteers from the HOME team playing at AH1 during their game to work concessions. We do use volunteers in the event that no game is scheduled for AH1. The money is used to keep our fields among the best in the city, and to purchase new equipment and new uniforms. Please contact Anna Wessell at 839-5379 or Bob Goetz at 839-1234 if you are interested. Due to COVID guidelines received from Riverstone Health, there may be changes to our normal volunteer requirements.

Field Cleanup Day
