FIFA rules as modified by USYSA, GSSA will apply, and as modified herein. Referees will check all player passes. No Pass, No Play, No exceptions. A computer generated game-day roster is required for all teams. Every player must be listed on the roster, not hand-written in. Persons not on the roster may not play. The rosters presented by the teams may differ due to being printed at different times. The roster submitted by the team in question is their official roster. This includes Academy Players "playing up" on U13 teams using a club pass. If information is missing on the roster, such as player numbers the referee will return it to the team official to fill out. It is not the referee's responsibility. Players sitting out a suspension on the game-day roster will be identified by the referee.

**INJURIES RECEIVED DURING SANCTIONED ACTIVITY SHOULD BE REPORTED BY THE COACH OF RECORD**
