

RETURN TO PLAY GUIDELINES

(VERSION AS OF JUNE 2)

As of Friday, May 28, Governor Murphy has followed guidance and direction from the Centers for Disease Control and Prevention (CDC) and the New Jersey Department of Health which removes nearly all restrictions regarding Return To Play as it pertains to the COVID-19 pandemic.

NJYS continues to encourage everyone involved in youth soccer to be vigilant in practicing the common sense health activities that reduce the risk of transmitting all infectious diseases, including coronavirus. These include:

- Washing your hands thoroughly and frequently
- Covering coughs and sneezes
- Staying home if you are feeling ill.

NJYS will continue to monitor guidance from public health officials and the Governor's Office of New Jersey and will advise its membership on all relevant changes in a timely manner.
