Soccer is for people of all ages – even the little ones! Several years ago, we created Jamboree, or the U-5 program, for four-year-olds. In Jamboree, children get to play soccer in an age-specific program, and you, the parents, get to participate with them.

In Jamboree, each team is made up of three players and each player will have a parent (or other adult) with them on the field. The children learn soccer skills like kicking, dribbling, and throwing in the ball, but in a low-pressure setting. Jamboree is about exposing children to soccer, not grooming them for college scholarships.

Parents help take turns organizing the teams, setting up fields and supervising the program. While their children are playing, parent volunteers keep time, but interfere with play as little as possible. There are only a few reasons to stop play in Jamboree games. If a child is not playing well with others, or if play must pause for injury, substitution, confusion, or to watch a flock of birds fly by, parents can quickly direct attention back to the game.

Registration Dates: May 16th, May 31st, June 3, June 16th and June 20th.
