Secretary Report – Traci

- Reviewed the draft of the proposed External Soccer Club Affiliation Eligibility Restriction amendment to Article IV, Section 4 of the ASA/HCSC Association By-Laws, which reads as follows (with updates reflected in red):
 4. CONFLICT OF INTEREST. **Determination.** A BOD member shall be considered to have a conflict of interest if the member (1) has existing or potential financial or other interests that impair or appear to impair the member's independent, unbiased judgment in the discharge of the member's responsibilities to the Association; or (2) is aware that a member of the member's immediate family has financial or other interests that would impair or appear to impair the member's independent judgment in the discharge of the member's responsibilities to the Association. Immediate family generally includes spouse, parent, sibling, child, or any other relative residing in the same household as the BOD member. **In addition, to preserve the integrity of the Association and avoid any potential conflicts of interest, individuals who maintain an affiliation with another soccer organization shall be ineligible to serve on the ASA/HCSC Board of Directors. For purposes of this section, "affiliation" includes participation as a coach, board member,**

volunteer, employee, contractor, or advisor with another soccer organization, as well as any immediate family member affiliation, including a child registered as a player with another soccer organization. Individuals with such affiliations may not be nominated, elected, or continue to serve on the Board of Directors. There are times when affiliation with another soccer organization may be deemed to NOT be a conflict of interest, and that determination will be made by the BOD on a case-by-case basis. ***Disclosure.*** To alleviate any potential issues, all Members shall disclose to the Board any possible conflict of interest at the earliest practical time. Further, in the event of a conflict, the member shall generally be absent from discussions of, and must abstain from voting on, such matters under consideration by the Board or its committees. The minutes of the meeting shall reflect that a disclosure was made and that the BOD member with a conflict or possible conflict abstained from voting. Any member who is uncertain as to whether a conflict of interest exists in any matter may request that the Board or committee resolve the question in the member's absence by majority vote. The Board may also adopt policies that more clearly set forth any requirements regarding disclosure and actions relating to conflicts of interest.

Adult League Report – Courteney

Volunteer Coordinator – Tiffany

- Discussed adding language to competitive registration, allowing families to waive volunteer hours for a \$25 fee, with funds used to hire college students or paid workers to assist with tournaments.

Old Business

New Business
