Pre-Registration Link for
Lower Division Clinic](#)

This Skills Clinic will be presented by **Stephen Seefeldt**, D33 Staff Member and has over 20 years of coaching experience. Learn how to run effective and fun practices. Learn how to teach basic skills to your players. This clinic will be hands-on training and is valuable to first-time and experienced coaches. Bring a glove and dress in athletic gear. Don't forget your water bottle.

For more information contact:

District 33 is proud to host it's third coaches clinic for the year. It's a free Lower Division Skills Clinic for all of our Managers and Coaches in D33. This Skills Clinic is geared towards T-ball, Caps, Rookies and Farm, though all levels are welcomed to attend and will get credit.

We will cover age appropriate drills, team management and little league pedagogy. Great for both new and experienced coaches!

We encourage you to use the Pre-Registration Link, it will help speed up with the check in process on the day of the clinic.

You must check in and out at the clinic to get credit for attending any District and League approved clinics. Your name on the sign in sheets will be proof that you attended a clinic.

All participant names upon completion of any District or League approved clinics will be added to our 2026 Clinic Attendance List (Google Sheets). Be sure to check the list to see if your name is listed in a day or so after attending a clinic.
