

Dear Business Partner,

**Step up to the plate**—it's time for another great season! The Manteno Youth Baseball & Softball League (MYBSL) is gearing up for an action-packed 2026 season, and **we need MVP sponsors like you to help us continue developing young athletes, supporting our volunteers, and strengthening our community through the love of the game.** Whether you're a longtime supporter or considering joining our team for the first time, we'd love to have you on board. **Your support is the foundation of our league, and as a volunteer-driven organization, we rely on partnerships like yours to keep our program thriving.**

This past season brought some functional upgrades to enhance the experience for both players and fans. **When visiting the fields at Manteno Heritage park, you will see updated dugouts, new field equipment, well cared for and maintained fields.** Also again this season, we are proud to offer two scholarships to past participants who are graduating from Manteno High School and taking the next steps in their educational goals.

None of this would be possible without our sponsors. **Your generosity ensures we can provide better equipment, safer facilities, and opportunities for our players and volunteers.** By partnering with MYBSL, you're not just supporting a league—you're investing in the future of our youth and strengthening our community. We've also expanded our sponsorship opportunities to give your business the perfect way to show its support while gaining visibility within the community. Please take a look at our sponsorship options and reach out with any questions—we'd love to discuss how we can work together.

Join our roster and make a big league impact!
