

WAUPUN LITTLE LEAGUE RULES/GUIDELINES FOR THE Tee Ball DIVISION

Games will last 1 hour.

Batting:

- Each team will bat through the order every inning.
- One continuous batting order will be used.
- A manager or coach will place “safety” balls on a tee.
- Each team should have at least 4 batting helmets. Batters and baserunners must wear helmets.

Baserunning:

- Runners only advance one base per hit.

Fielding:

- All players will play the entire game. Coaches shall make an effort to assign players to different positions each inning, with the exception of the catcher, who may play two (2) consecutive innings. It is recommended that coaches at this level stand in the field with players and teach the players where to stand and/or where to go with a ball when fielded.
- Rotate players in a manner that allows all players to get an opportunity to play different positions throughout the game. The infield shall have: one (1) 1st baseman, one (1) 2nd baseman, one (1) 3rd baseman, one (1) shortstop, one (1) pitcher. No catcher will be used. Put as many players in the outfield as needed. No players shall sit the bench.
- Outs can be made in the field, but teams will bat through the order each inning regardless of the number of outs made.

REMEMBER...This is a league where kids should have fun and prepare themselves for the next level of baseball. This league is not about winning but rather about teaching the kids the game. Enjoy the moment and coach the kids to your best ability!
