

Head Director – Coach Brandon Curtis

My name is Brandon Curtis. I am married to my wife Marie of 16 years and have a 13 year old son named Jaydon. We moved to Clover in 2015 and absolutely fell in love with this community! I have coached Jaydon since his very first baseball team when he was 4 years old and that is where my love for coaching and working with kids was born. The feeling that I got from coaching was indescribable and left me feeling with a sense of purpose and fulfillment. One day after school Jaydon came home and told me he learned a new game in PE called "Lacrosse" and really enjoyed it! Being from western New York and having been exposed to lacrosse at a young age I knew he would fall in love. When we moved to Clover in 2015 we discovered a youth lacrosse program in town (Warbirds Lacrosse) and immediately signed Jaydon up. Before I knew it I was coaching his team and quickly fell in love with the sport as well. We had a great experience with the Warbirds and the fundamentals he learned there laid the foundation for the lacrosse player he is today. A few years later an opportunity to join the Clover High School Lacrosse coaching staff presented itself and I did not hesitate. I am going on my third season as the Boys JV Lacrosse coach at CHS and enjoy seeing many kids from our youth program come up through the ranks and compete at the high school level. I look forward to continuing the vision of Warbirds while catapulting TOMAHAWK LACROSSE to the next level of youth lacrosse in our area!

Director of Operations – Yasmin Plummer

Hi there! My name is Yasmin Plummer, I am married to my high school sweetheart, Homero, of 25 years and together we have 4 BOYS (Elijah -22, Isaiah -16, Jonas -12, and Jeremiah -7). We are originally from New Jersey and moved to Clover, SC about 8 years ago. Our boys, originally lovers of football, quickly found and fell in love with lacrosse when we found the Warbirds Lacrosse Youth Program! All 3 of our younger boys were blessed and fortunate enough to have played for Warbirds lacrosse. Our oldest son Elijah is currently an assistant coach on the Oakridge Middle School Lacrosse team and has been coaching youth sports since the age of 16. Jonas, through hard work, commitment, and the foundation laid by Warbirds lacrosse earned a spot on last year's 7th grade team as a 6th grader! Jeremiah is a "current" Warbird player and cannot wait for the season to start up again and Isaiah is tinkering with the idea of trying out for the HS lacrosse team as he is missing the sport very much! Since moving into the town with "LOVE" in the middle my family has been extremely active in the youth sports world. My husband and I helped grow the Clover D2 Youth Football and Cheer program over the years and find absolute joy in giving back to the community. There is no greater reward than knowing you are impacting the heart and mind of a child and we take the honor and responsibility very seriously. I look forward to bringing my knowledge and experiences of running a youth organization to TOMAHAWK LACROSSE and building the family atmosphere that I feel is so very important for our young athletes to be a part of. I am so confident in this organization, what it stands for, and the long term goals it has set and am honored to be a part of something bigger than just the sport! I look forward to meeting each and every one one of you and your children and am always available and accessible to you and your athletes on and more importantly off the field! #BiggerThanSports #GrowTheGame
