LINCOLN GLEN Little League LG

A Message

FROM THE BOARD

Hello Little League families! A new beginning is upon us at Lincoln Glen Little League. Not only are we finding our way out of a pandemic that has separated us for nearly two years, but we are also excited to be opening our new fields this spring at River Glen Park.

The city of San Jose, led by Mayor Sam Liccardo and our City Council Representative Dev Davis, has undertaken the effort to rebuild, redesign, and reinvigorate our park and Little League fields. Lincoln Glen Little League is proud to say that the efforts that everyone is putting in are paying off with amazing progress toward our goal of getting the fields ready for Opening Day in 2022!

Now is the time as parents, boosters, and neighbors to come together and put the flourishes on our new little league complex to make it the best place for our children to learn to play and love baseball. As you may know, Lincoln Glen Little League is a non-profit organization that relies on donations and fees to fund the league, so we don't have the cash reserves to do this without your help. This year we need that same extra effort we ask of our players every game to be able to make these new fields the best place possible for our children.

Please look over the following pages for more information on what we're trying to add, donation items, ways to donate (tax-deductible), etc. We want to make these fields amazing for the kids and our neighborhood, and it's on us as a community to get it done.

Thank you for being a part of our Little League family and for taking the time to contribute to our organization. Play Ball!!!
