

Request Policy

Carolina Rapids staff will do their best to honor all requests. However, there are some circumstances that do not allow us to do so. **Please keep in mind that these are requests, not guarantees.**

Requests will be considered in order of completed registration and payment. **All requests must be submitted online during the registration process** and must be on the player's registration in order to help us honor requests as accurately as possible.

Registrants will be able to make **one** request. Requests are as follows:

- Coach request, or
- **One** friend request

Registrants will be able to provide:

- One week day training night that your player is consistently unable attend (as a reminder, volunteer coaches choose their practice night/location based on available training space and location for the program).
- The school that the child attends (if space permits, we will attempt to place players who do not request a coach or teammate with fellow schoolmates).

Rosters are built using the following procedure:

- Placement of the coach's child on the team.
- In order of completed registration. Fill rosters by requests for a coach or friend.
- Co-ed teams will have an even distribution of boys and girls. The number of boys or girls registered for the program will determine the distribution.
- The remaining spaces will be filled by taking training night availability and what school the player attends into consideration.

Requests received after the registration close date will be honored only if roster size permits.

- Roster size is determined so that the number of subs does not exceed the number of players on the field.

This document has been created to inform members of the policy regarding Recreation team placement.
