Request for Player to Move Up an Age Group

As a parent/guardian, I request permission for my child to play in the next age group up from from his/her appropriate playing age. I understand the increase risk of injury of a child playing with children who are older than my child. I also understand that this is only a request and that the following criteria must be met before my child may be moved up:

- ~ Player must have played at least one season in the league;
- ~ There must be a roster spot available at the age group child is moving to;
- ~ Practice with current age group at least one practices (for evaluation);
- ~ Practice with higher age group at least one practices (for evaluation);
- ~ Decision is made with the input of coaches and DOC*.
