

LWYFL CHEER 2026

We are so excited to share updates as we gear up for another amazing season of **LWYFL Cheerleading!** Our focus continues to be on growth, development, and creating the best possible experience for our cheerleaders and families.

This upcoming season will include **evaluations for cheerleaders in grades 3–6, brand-new uniforms**, and a **more technical, skill-focused camp experience** designed to help our athletes grow in confidence and ability.

Registration Information

Registration for the upcoming season will be **\$200**. This cost includes your cheerleader's **camp pack**, and our **Season Kickoff, High School Cheer Camp in July**. While the camp pack covers many essentials, **some additional required items may need to be purchased separately**. Please note that the **July camp is MANDATORY**. We are working closely with the high school cheer program to make this the most beneficial and exciting camp to date. All proceeds from the high school camp go directly to support the **High School Cheerleading Program**.

Uniform Update

We heard you—and we listened! Many families shared that they wanted the option to purchase their own uniforms, and we're excited to introduce our new LWYFL cheer uniforms for this season. We have partnered with Varsity to create a fresh, flattering design for all of our cheerleaders. Families will be responsible for purchasing their cheerleader's uniform, and a full uniform reveal along with ordering details will be shared soon. Stay tuned—we can't wait for you to see them!

Evaluations

To align with our football program and continue raising the standard of our cheer squads, sideline cheer will now hold evaluations for our 2026 sideline teams. This process allows each cheerleader and each squad to be placed and coached at the level most appropriate for their current skill set. By meeting athletes where they are, we can better focus on individual development, build confidence, and promote steady skill progression. This approach supports the long-term growth of our program while ensuring every cheerleader is challenged appropriately and prepared for future cheerleading opportunities beyond our youth program.

Squad Size

This season, we will be limiting our team sizes. While we don't want anyone to miss the opportunity to cheer, we must prioritize the overall experience of each athlete. This includes athlete safety, field accessibility, and ensuring our coaches are able to provide the instruction and attention each girl needs to succeed. Once final football numbers are confirmed, we will determine how many cheer squads we can form. For non-evaluation grades, we strongly encourage families to register sooner rather than later to secure a spot.

We understand that purchasing a uniform, along with potentially some required items outside of the camp pack, is an added expense for families. We truly appreciate your support and understanding as we work to provide the best possible experience for each athlete. We couldn't be more excited to kick off this season with high expectations for energy, skill-building, and confidence. Stay tuned for what's next!
