

Cactus Wren Little League

Emergency Evacuation Plan

1. Before the start of each game the team Manager or Coach Acting as Manager needs to conduct a player attendance count.
2. In the event of an Emergency Evacuation the Board Member on Duty (BMoD) will notify the Manager or Acting Manager to gather their entire team and proceed to the South Parking Lot (see attached map). You can access the South Parking Lot by exiting through gate #1 or gate #2. Use whichever route will keep you and your team farthest away from harm.
3. Once at the South Parking Lot do another attendance count to ensure all players are accounted for.
4. You are responsible for your players until the BMoD has called a termination to the Emergency.
5. Once the emergency is terminated one of two things will occur.
 - 5.1. A) The BMoD will advise you to continue playing the scheduled games. At which point the Manager or Acting Manager will gather their entire team and walk them back to the field of play and do an attendance to ensure all players are accounted for.
 - 5.2. B) The BMoD will advise you that the scheduled games have been cancelled. At this point you can release the players to their parents. If a player's parent cannot be located then that player is the Manager or Acting Manager's responsibility until their parent is located or the BMoD is contacted to obtain further directions.
