League Updates

From the President's Desk

The Mayor often speaks about creating moments in time when he speaks at our Opening Day Ceremony. I'd to think we provide a TON of opportunities to do that. The biggest one for me personally in July was our MCYSA Summer International Tournament participation including the Homestay portion. Those players from Brazil and Japan were excited to be here, loved playing baseball, and took joy in things we take for granted. One of the first nights they were here we spent around two hours taking in all that was Dick's Sporting Goods. I hope all of our families participating in MCYSA this year found some joy in doing so!
