VII. PLAYER DRAFT:

A. Blastball Division:

- 1) Players will be assigned to a team after selection by the league Head Coaches under the direction of the Player Agent. Players will be equally divided with regard to age.
- 2) Parents/Guardians may identify one coach that may NOT, under any circumstances, draft or otherwise, select their child(ren) during the player assignment process. Such request must be in writing to info@pybsa.org
- 3) Other requests for team assignments will normally be honored subject to the limitations listed below. ALL REQUESTS MUST BE IN WRITING, NO EXCEPTIONS.
- 4) Requests to play on the same team with another player will be handled on a case-by-case basis. Should a coach decide to take a player with such a request, the coach must also select the other player and will then forfeit his next draft choice.
- 5) Prior to drafting teams, the total number of eligible players in the league will be tallied and will then be divided by the number of teams to determine the MAXIMUM NUMBER of players that will be assigned to a team.
- 6) Prior to drafting teams, the total number of older players registered will be tallied. That number will be divided by the number of teams to be fielded and will determine the MAGIC NUMBER of older players that will be assigned to each team.
- 7) A random draw will determine the order of coach selections. In order to promote fairness, first choice selections will be given to a different coach during each round.

Example: First Round order is..... 1, 2, 3, 4, 5
 Second Round order is ... 2, 3, 4, 5, 1
 Third Round order is 3, 4, 5, 1, 2, etc.

- 8) Requests will then be identified and players requesting a specific coach/team will be given to the respective coach. In the event the coach receives more requests than the maximum number of players allowed, the coach must immediately decide which requests he will take and will then return all others to the Player Agent. In the event of the number of player requests causing the team to exceed the MAGIC NUMBER of older players allowed, the request rule supersedes the MAGIC NUMBER rule. Such requests must be in writing to info@pybsa.org
- 9) If a selection opportunity occurs and that coach has reached the MAGIC NUMBER of older players available for selection, the selection shall be passed to the next coach. Once all older age players have been assigned to teams, the current round will continue by selecting from the younger age players.

NOTE: Any conflict, policy interpretation, or other issues regarding draft procedures will be resolved by members of the PYBSA Board of Directors present at the time of the draft; all decisions are final.

B. Shetland, Pinto, Mustang, Bronco and Pony Division:

- 1) Players will be assigned to a team after selection by the league Head Coaches under the direction of the Player Agent. Players will be equally divided with regard to age.

Local Rules of Play – Fall 2023 & Spring 2024

- 2) Parents/Guardians may identify one (1) coach that may NOT, under any circumstances, draft or otherwise, select their child(ren) during the player assignment process. Such request must be in writing to info@pybsa.org **NO OTHER SPECIAL REQUESTS WILL BE ALLOWED.**
- 3) Under NO circumstances shall players be traded or swapped before, during, or after the draft proceedings.
- 4) Under NO circumstances will any player be removed from the list of eligible draft candidates and placed on a specific team until a coach specifically selects the player during his/her turn in the draft process.
- 5) Prior to drafting teams, the total number of players registered in each league will be tallied. That number will then be divided by the number of teams to be fielded and will determine the MAXIMUM NUMBER of players assigned to each team.
- 6) Prior to drafting teams, the total number of older players registered in each league will also be tallied. That number will be divided by the number of teams to be fielded and will determine the MAGIC NUMBER of older players that will be assigned to each team. In the event that the number of protected players causes the team to exceed the MAGIC NUMBER of older players allowed the protect rule supersedes the MAGIC NUMBER rule.
- 7) Unless specifically requested by the parent/guardian, siblings will be drafted on the same team. When a sibling selection opportunity occurs, the coach will take both players. The selecting coach shall ensure that he/she selects the sibling on their next draft selection in the subsequent round. If a coach does not select the sibling before reaching the MAXIMUM NUMBER and/or MAGIC NUMBER, the next coach with a selection opportunity may take any player (Except Returners and Protected Players) from the offending coach's draft in the same age group as his/her selection in that round and the sibling will be placed on the offending coach's roster.
- 8) Players are required to participate in an open demonstration (Player Evaluation) before their first year of spring play within a new age division. Players will be evaluated and ranked by the Head Coaches of their assigned age division. Spring Season – Player Evaluations are only for Pinto, Mustang, Bronco & Pony Age groups. Blastball and Shetland will not have player evaluations. Players will be placed on teams in an OPEN draft format. Fall Season – No player evaluations for any age groups.
- 9) All players returning to the same age division shall be assigned to the same team from their previous spring season. These players will be considered "RETURNERS" to their previous year's spring team. Should the player decline to participate on the same team, he/she shall be put in the "Blind Draft" as described below.
- 10) A Blind Draft will be used for players that do not participate in player evaluations and for players returning to the same age division but not wanting to return to the same team as the previous year. During draft selections, a coach may choose to use his/her draft pick by drawing a number out of the "Blind Draft" group within the designated age group. Once the number is drawn, the coach will have considered to have made his/her pick for that round unless he/she draws a player who has requested not to be on that coach's team or a player who has requested to be removed from that team as described above. The player's name will immediately be placed back in the pool of players and the coach will choose another player. If the Blind Draft pick involves a sibling, the coach must ensure that he/she selects the sibling before reaching the MAXIMUM NUMBER and/or MAGIC NUMBER. If a coach does not select the sibling before reaching the MAXIMUM NUMBER and/or MAGIC NUMBER, the next coach with a selection opportunity may take any player (Except Returners and Protected Players) from the offending coach's draft in the same age group as his/her selection in that round and the sibling will be placed on the offending coach's roster.
- 11) Head Coaches new to a age division (first spring season) shall be considered a "First Year Coach." First Year Coaches will be allowed up to five (5) protected players in Baseball or up to six (6) protected players in Softball. ("PROTECT") The Head Coach's child must count as one (1) of the protected players. In the event the head coach has multiple children on the team, one (1) child must be protected, any other child(ren) must be taken with their first pick in the appropriate age portion of draft.

Pioneer Youth Baseball & Softball Association

Local Rules of Play – Fall 2023 & Spring 2024

Second Year Coaches will be allowed up to two (2) protected players, but these protected players MUST both be from the younger age group. The Player Protection Form must be approved by the player's parent/guardian validating the Protect is accepted. NO EXCEPTIONS.

- 12) RETURNERS shall NOT be allowed as a PROTECT for a coach from another team. Any player not wanting to return to their previous spring team shall be placed in the Blind Draft. Blind Draft requests must be in writing to info@pybsa.org
- 13) Teams formed from RETURNERS where there is no returning coach or new inheriting coach shall be dismantled and all players shall be placed into the open draft.
- 14) Any Head Coach who inherits a team shall be considered a Second Year Coach.
- 15) Prior to the start of draft process, the Player Agent shall form a “Pre-Draft Roster” for each team. The pre-draft rosters shall be openly displayed and list the names and ages of all PROTECT’s and/or RETURNERS assigned to a team/coach.
- 16) Coaches will choose in reverse order of their team's final standing in the previous year. A new team will be considered to have placed last in the standings. Ties will be resolved by a random draw of the affected coaches.
- 17) During subsequent draft rounds, the team with the next lowest standing in the previous year shall be given first choice during that round and selections will continue in a similar reverse order of previous year standings until all selections are made.

Previous spring season standings were: Team A-first place; Team B-second place, Team C-third place, Team D-fourth place

Example: First Round order is.....D, C, B, A
 Second Round order is C, B, A, D
 Third Round order is B, A, D, C, etc.

- 18) Once the draft order is determined, Coaches will choose team names in reverse order of their determined draft order. (Example: If a coach’s draft order is determined to be first, then that coach will choose his/her team’s name last) Exception: Second Year Coaches who wish to keep the team name they had the previous spring season supersedes any subsequent picks.
- 19) Older age group players will be drafted first. All selections will be made exclusively from older age group players until all players from this group are assigned to a team.
- 20) If a selection opportunity occurs and that coach has reached the MAGIC NUMBER of older players available for selection, the selection shall be passed to the next coach and the current round will continue.
- 21) In the event a coach is required to accept siblings/approved special circumstance players, the selecting coach shall ensure he selects the other sibling/approve special circumstance player within the next two (2) subsequent rounds. If a selection opportunity occurs and a coach chooses siblings/approved special circumstance players, the selecting coach shall select the other sibling/approve special circumstance player on their next draft pick in the subsequent round.
- 22) After all older players have been drafted; the same procedures as noted above will be used to draft the remaining players. Once all older age players have been assigned to teams, the current round will continue by selecting from the younger age players.

NOTE: Any conflict, policy interpretation, or other issues regarding draft procedures will be resolved by members of the PYBSA Board of Directors present at the time of the draft; all decisions are final.
