### Accident Insurance and League Liability

The league purchases accidental death, dismemberment, and medical expense insurance for all participants through USA softball affiliation. The maximum benefits are \$5,000 per accident. The league has available a separate sheet which describes this coverage in more detail and will provide that upon request. The league accepts no responsibility for injury to or death of participants beyond the insurance provided. Furthermore, the league accepts no responsibility for damage to participants' property. All players, managers, coaches, scorers, umpires, and other volunteers participate at their own risk.

### Hold Harmless Agreement

I have read the above statement concerning accident insurance and league liability, and I hereby agree to hold the Rancho Bernardo Girls Softball league and its directors, officers, managers, coaches, scorers, umpires, and other volunteer workers harmless for any act of bodily injury or property damage to any participant in my family.

### Photo Policy

Occasionally, RBGSL will post softball-related images and video recordings on its website, Social Media pages as well as use in promotional materials, in both electronic and tangible form. If you wish to have a photo of your child removed from RBGSL controlled environments, please contact the League with your request at [contact@rbgirlssoftball.org](mailto:contact@rbgirlssoftball.org).

### Participation Policy

I understand that my daughter's participation in RBGSL is a privilege; accordingly, there are no guarantees related to team selection, playing time, coaches, etc... associated with the payment of registration fees. Further, I understand that my participation is also a privilege. If at any time a parent and/or guardian is asked by a RBGSL Board Member, Coach, and/or Umpire to cease activity and/or leave the premises, the parent and/or guardian will do so immediately, and without further questioning. Failure to adhere to this request is subject to further disciplinary action by the RBGSL Board at its sole discretion, which may include the discontinuation of further participation of the parent's and/or guardian's daughter in League activities.
