PUBLIC COMMENTS:

Nikijo Hull:

Topic: Regrouping 13/14s for USA Cup. Concern that decision made without consulting parents and concern that it seems a philosophical change in approach to competition.

M. Kleven explained that there was discussion among some Board members, the coach, and some parent consultation, and other factors that contributed to the decision.

Nancy Ellis:

Topic: double-rostered kids at U15B was problematic at Blaine as well. Expressed concern that relying on guest and double-rostered kids isn't making the rosters work, there aren't even enough kids for girls for practice. Exhausting double-rostered players. Thinks our goal to want everyone to play has caused more problems.

Kathy Barker:

Topic: Talks about the vote of the U16/U17 girls team and then talks about the development of teams and players but how this doesn't happen with having guest players. And then asked Scott about contacting Pat about the roster of their team, Scott responded saying that he had communicated with him three times.

U16/17 Girls Team – Spoke on how unhappy they were with the team and playing short players or double rostered players that were tired from their other team's game.
