Rich Spector Scholarship Established 2021- - \$1,500

The Rich Spector Scholarship is in honor of a founding member of the Manalapan Soccer Club, Richard Spector, who passed away in 2019. Rich dedicated his life to his family and his love of sports. In 1987, Rich saw a need in our community to formalize a club for children to play soccer. He helped create the Manalapan Soccer Club which gave the children of our community an organization that focused on teaching, developing and playing the sport of soccer. During his time, he coached, was on the Board of Directors and volunteered at the Memorial Day Tournament. He loved our Club and program so much that he continued to volunteer at the Tournament, long after his children grew up and graduated from the program. When he passed in 2019, the Club lost not only a founding member, but a friend. The Rich Spector Scholarship is dedicated to a player who considers the Club as family, is the ultimate team player and actively participates in Club sponsored events.

Morgan Ball Scholarship Established 2009 - \$1,000

The Morgan Ball Scholarship is dedicated to a former Manalapan player who passed away in 2008. She played 12 years for the Club on the Manalapan United and 4 years on the Manalapan High School varsity team, serving as captain for 2 years. Her passion for soccer was the driving force behind the success Morgan's high School team had during her career, winning 3 conference championships. She had a love for life, loved her teammates and especially loved her family. Her passing was a significant loss for her family and for the soccer community. To remember Morgan, the Ball family started the 14 Chair Project and the Manalapan Soccer Club established this scholarship in her name.

You may notice at every Memorial Day Tournament, near the Pavilion, there are painted Adirondack chairs up for auction. The 14 Chair Project works with local artists to paint the chairs and raise money to help fund the scholarship which is awarded to exceptional female athletes at Manalapan High School. You may also see a familiar face on the fryer during the Tournament. Mr. Ball continues to volunteer his time each year in support of the Club and in Morgan's memory.

To honor Morgan and her family's contributions to the Club, the Morgan Ball Scholarship is awarded to a player who demonstrates a love for the sport, is a leader on the field, has a dynamic energy and is an all-around team player.

Chris Thorsheim Training Scholarships Established 2021 - \$2,500 in total-can only win once

Up to 10 at \$250

These Scholarships are given in loving memory of Christopher Thorsheim who passed away suddenly and unexpectedly on March 31st, 2021. The families of the Red Tribe Soccer team are deeply saddened by his passing and will miss him tremendously. The Red Tribe was a boys U7 team that began in 2001. The bonds and friendships formed on that team have spanned 2 decades and the credit goes to Coach Chris. Most of the boys played through high school and many beyond. The team itself came together at the annual Manalapan Soccer Tournament one last time during their last year of eligibility – a tournament they will never forget! He treated each player as he would his own children. He taught them the fundamentals about soccer while instilling life lessons. He was serious but knew how to have fun. He coached in practice and let the boys “learn by doing” during games. He taught patience, determination, fairness, and confidence. The recipient should be a player that embodies the above characteristics and has a deep love for soccer. We are honored to create this scholarship and we, Red Tribe parents and players, will never forget the impact he had on our lives. May his teachings live on, and his memory be a blessing to all.

The Training Scholarship is awarded to players who are dedicated to learning the sport and trying to improve and master their skills. Their dedication to learning the sport helped them grow into the person they are today – on and off the field. These players are self-motivated, are receptive to their trainer's feedback, apply what they learn at games, and encourage and support development with their teammates. These players enjoy learning the sport and they bring that enjoyment to practices and games.
