DORTMUND

INTER

MADRID

UNITED

This fall PSO will bring families an exciting season that goes beyond a traditional soccer experience. The three distinct Xara Soccer themed series offer 15 unique designs per series from cities across America, clubs around Europe and countries across the globe. Every jersey comes with matching support materials such as player photo surrounds, fact sheets about your country or city and certificates that recognize the child's efforts during the season. With Xara products and the imagination of our members we will create a season like no other and memories that will last a lifetime. **Coaches - please review the next page for your team uniform ordering instructions.**
