Building Character

Character Building Programs and Volunteers

From the beginning, a key element of Toledo PAL's mission has been to mentor future leader's one child at a time through various athletic, academic, and leadership development programs. We are able to be effective tools for delivering our message of developing high character in our participants. All of our volunteers complete a detailed background investigation before they are able to work with our kids and families. Our volunteers also receive constant monitoring to ensure proper execution of our core values. From program administrators to volunteers, our entire staff is dedicated to delivering the

Parent Involvement Makes a Difference

Parents play a huge role in the success we all want for every child. We encourage parents to get involved by supporting the volunteers and partnering with us to add consistency to our character building programs. Taking some time to meet the coach, get to know other parents, or help the team or program in any way possible will illustrate the importance of community engagement to your child. We also welcome parent input and suggestions to help us continue to improve. So please get in touch with any questions or ideas you may have.

Achieving Global Outcomes together

Toledo PAL works diligently to achieve there global outcomes in youth: Kids of high character, kids who make good choices and lead healthy and active lifestyles, and kids who are civically responsible and "give back". These global outcomes are top of mind in everything we do, and they drive our passion to provide wide-ranging opportunities for all participants. We consistently develop kids of high character that display teamwork, superior sportsmanship, discipline and perseverance.
