DIRECTOR'S REPORTS

Boys Basketball: registration is up to 79 kids so far - 12 teams currently
13+ is low - overall everything is running smoothly so far.

Girls Basketball: 30 signed up so far - advertised as 11/1 deadline, but is actually 11/10.
Goal is to have 5 teams: 1 junior, 2 intermediate and 2 minor

Baseball:

Softball: Beginning to prep for spring

Old Business: Attorney has been paid up until now \$1300. We did not file a police complaint for harassment. Concerned minor cheer parent approached the cheer director about concerns and the cheer director repeated she was only talking about that individuals daughter so cheer parent took her daughter and left.

Flyer was hung up in the men's bathroom during the homecoming football game at CTC. Cheer director and Powhatan football noticed and let our football director know. The flyer was then taken down.

New Business:

Male member yelled at the football director during games. ADC from CQL has been at the majority of games and has stated he should only be present for minor games when his daughter is cheering.

Basketball director has granted a waiver for member to take his son and 7 additional players for the current basketball season. The basketball director gave him 2 options: to email and have all parents email him with the waiver request or register through Black Knights and have them handle the waiver that way.

It was determined our by laws need to be reviewed and there needs to be items in place to protect us.

Next steps for attorney: inquire if we can just ban member - restraining order would be another option

The basketball director suggested giving him an outlet to let us go as an association and refund his fees

To review by laws - potentially breaking them up by sections and everyone reviewing a section then coming back together for the whole review.

Next meeting: 11/19 @ 6 pm

Meeting Adjournment: 7:42 pm
