

The Glade Valley Athletic Association offers young athletes of the Walkersville feeder community with the ability to learn the game of baseball and to have fun while learning the sport. The goal is to teach the athletes the game but to also prepare them to play in high school. We work closely with our high school coaches to make sure our programs mirror the goals of Walkersville High School sports.

The tenets of our program are to focus on teaching sound fundamentals of baseball, creating a safe environment for constructive play, fostering teamwork and cooperative achievement while instilling the respect and self-control necessary for future growth of each individual player.

These goals do not come without a price. We are a non-profit organization that is managed by a dedicated group of volunteers. Therefore, we humbly seek sponsors to help our program continue to be successful. Sponsorship can be made in any amount; recommended giving levels are listed on page 2. As a show of our appreciation, we would like to honor your sponsorship as indicated for each respective level.

Thank you for your kind consideration.

The Players, Coaches and Volunteers of the 2018 GVAA Baseball Program.
