Recreation Coaching Sessions  
U11 – U12: Week 6  
**Aerial Passing 1**

**Aerial Passing 1**

**Purpose-** To improve unopposed aerial passing

**Organization**

In groups of 3-4 all players moving around the grid. The player with the ball, plays a lofted pass to a teammate who controls it, using a part of his/her body.

The player then lays the ball off to another player, who then plays a long ball.

**Progression**

Players spread out further and play long passes to each other. Each player has only two touches and are asked to follow their pass each time.

**Coaching Points**

## Recreation Coaching Sessions

U11 – U12: Week 6

### Aerial Passing 2

#### Aerial Passing 2

Purpose- To improve aerial passing in pairs

##### Organization

Divide players into four groups of four. Player A plays a give and go, followed by a long pass. Player B controls the ball in the air and sets up a long return pass for C.

##### Progression

Add a defender into each end grid. The defender cannot intercept the pass in the air but when they receive the ball, he creates pressure on the two players trying to set up the return pass.

##### Coaching Points

Vision look up early, so you know where to hit the pass.

Pass the ball, using a good weight of pass, to make the long pass easier.

Move body in line with the flight of the ball to control before it bounces.
