

Important, please read!

Thank you for participating in GBA tryouts for the upcoming season. Rosters for each grade level are below, and are subject to change based on players accepting or declining their spots. You will receive an official offer email to accept or decline within the next few days. When you get that email, please respond as soon as you are able (we'll have a deadline listed in the email when we send it).

Please note, we put a lot of time and effort in to reviewing coach evaluations, as well as tryout performances when building teams for the upcoming season. Our goal is to put each and every kid in the most appropriate situation for their individual development. There were plenty of difficult decisions to be made this year, as there always are. We realize not everyone will agree with every placement made, but strongly recommend parents to keep encouraging their kids to keep working and playing, in order to achieve the placement they're striving for next year. For those who did not make a competitive team, details on our Club program will be sent out in the coming weeks. Thank you for your support in GBA!

* Please note: Our apologies for any name misspellings!

* Please note: We will work to name assistant coaches for all teams in the very near future!
