

# Support Youth Development in Our Community

## Become an AIYS Sponsor

The next Amelia Island Youth Soccer (AIYS) season is just around the corner, and we're reaching out to invite you to join us in making it the most impactful year yet. At AIYS, we're not just building soccer teams - we're helping shape confident, motivated, and community-minded young athletes.

As our club continues to grow in both numbers and reputation, your support can play a pivotal role in helping us meet the increasing demand for high-quality programming. In the spring season alone, almost 800 players took the field, and over 360 games were played on our local pitches. This year, we aim to do even more - and we want your business to be a part of it.

### Why Partner with AIYS?

Sponsoring AIYS is more than just placing your logo on a banner - it's a chance to directly support the health, development, and success of children right here in our community. With your partnership, we can:

- Provide scholarships for families in need
- Upgrade outdated equipment and invest in new gear
- Bring in top-tier trainers to elevate skill development
- Support our competitive teams with tournament and training fees
- Keep local talent training on the island - no need to travel to Jacksonville

Statistics show that access to resources plays a significant role in youth athletic success. By sponsoring AIYS, you're helping level the playing field for all kids, regardless of financial means. It's an investment in the next generation on and off the field.

### What's in It for You?

AIYS is a 501(c)(3) nonprofit, so your sponsorship is tax-deductible. More importantly, it puts your business in front of hundreds of local families who deeply value those who support their children. Whether through field banners, website exposure, or social media shoutouts, we'll make sure our community sees and appreciates your support.

We've included several sponsorship options, but we're also happy to tailor a package that aligns with your marketing goals. Donations of goods or services are equally welcome and much appreciated.

Warm regards,

Ashley McLean
