

The purpose of this document is to ensure a responsible return to play. These guidelines for players, parents, spectators and coaches are put in place for the safety and well being of our community. This document is to be used in concert with the recommendations set forth by state and local officials. The most up to date information can be found by visiting [www.Coronavirus.Ohio.Gov](http://www.Coronavirus.Ohio.Gov). The full MSA Responsible restart plan is available by visiting [www.MedinaSoccer.org](http://www.MedinaSoccer.org).

**Health Assessments** – Players, coaches, spectators and officials must conduct daily symptom checks prior to any Club activity. This self assessment must be done prior to each event. Anyone experiencing symptoms must not attend the event.

**Social Distancing** – Players and spectators are expected to maintain a safe distance before, during and after activities. Parents are encouraged to drop players off at practice. For those choosing to stay it is expected that they maintain a safe distance from other spectators and players. Six feet social distance must be maintained when not on the field of play.

**Face Coverings** – Everyone must wear face coverings to and from the fields. Players and coaches may remove face coverings during competition but must replace when not in the game.

**Equipment** – Players may not share drinks or equipment. Coaches will set up and take down any equipment used during events. Proper sanitation protocol will be followed.

**Hand Sanitizer / Hand Washing** – Please wash hands often. If hand washing is not an option please use hand sanitizer. Hand Sanitizer will be made available whenever possible.

**Travel** – Teams must follow the State and Local guidelines established by the public health jurisdiction to which the team is travelling. When travelling outside of the City we must adhere to any additional guidelines set up host community.

**Suspected / Confirmed Cases** – Will work with the local health department to identify individuals who were potentially exposed to help facilitate contact tracing. Any affected individual must follow the procedures set forth by the Ohio Department of Health for returning to competition.
