Date: March 24, 2016 at 7:30pm

Location: Robert H. Down Library

1. Call to order

Celebration of all the wonderful things we did last month. Parent's night, coach's PCA meeting, scorekeepers clinic, etc..

2. Approval of minutes

Minutes approved. Can't recall who moved or seconded.

3. PSP (Jim)

PSP Committee reporting on Pinto-level incident where child was struck on head by bat in dugout. Committee reported that the situation was too fluid for a recommendation at that time. There was a clear violation of the zero tolerance policy so there will be repercussions. The committee stated it will send out recommendations to the general board shortly.

Mr. Miller read a statement. No malice or anger in his son's actions, but actions were inappropriate. His son is not hurtful or uncaring, and they have spoken with their son about what happened.

There were some clarifying questions from the board members, including how the bat was being held, why bats were allowed in the dugout in the first place, who took the bat away (don't know), was there a dugout coach (no).

4. Finances (Rob)

Rob did not attend the meeting. No report
