Contacted Janet Light at the high school, she is in charge of the volunteer hours for the high school students. We set a date to have a volunteer table at the high school on Wednesday, November 5th from noon until 1:00pm. Wanted to get volunteers to help work concessions for Spring ball.

Would like to have Reps be in charge of following through with their Managers regarding who will be working concessions each week. Have Managers remind the parents in their weekly emails. Crystal should have a list of who is working concessions in each park. There should also be a list up in each park of who is working during each game.

- **Movie in the Park - Staci Consiglio**

Looking at either November 1st or November 8th to have movie in the park. Staci will email us her list of movies and then we can select which one we want. Ivy Ottmar motioned to move date to November 8th and Crystal Henden second. Motion passed.

- **George Washington Break-in - Staci Consiglio**

The two boys that are in our league that were part of the incident did community service today. One of the kids parents said their child is available to help at the tournament this weekend for whatever we need him to do. We have told the Police Department that we have chosen the diversion option.

- **Blue Sombrero - Staci Consiglio**

Will not go live until December 1st. The baseball divisions have all been built in the website. If our sponsors have a web link you can click on their logo and go directly to their website. Once we decide what the registration fees are going to be we can go in and put that information in. We can add team pictures, team rosters, concession schedule etc. The only thing we can not add into this website is a generic email account for the board. We might look at opening a gmail account for all of us. We will discuss further at our next Board meeting.
