At Home Training Session Plan 1 U13-U15

With so much unknown of how the next few weeks will look Chiefs FC has created some individual exercises players can do at home if the complex, and schools are closed for a longer period of time. The club will be in discussions daily on the next steps with health professionals to make sure we make the best decisions for our membership, players, staff, and coaches to ensure everyones safety. The health and safety of players, fans, and staff is our top priority as an organization. Please be safe out there, and continue to follow the suggestions from CDC and stay healthy.

Thank you, Chiefs FC Directors

Self Reflection:

How did it go?

Is there anything I'm able to improve?

What was the most challenging part of the session?

How can I improve performing the challenging part?

What did I do well and what area did I improve in the most in during the session?
